Vector Top Managers Mixed I DIV, a sub-fund of Vector SICAV

(ISIN: LU0558386073)

This fund is managed by Vector Asset Management S.A.

Objectives and Investment Policy

The objective of Vector Top Managers Mixed I DIV is to achieve capital growth in the medium term. The fund invests typically more than 80% (and always at least 50%) of its holdings in other investment funds that have a flexible or mixed investment policy. A mixed fund is typically free to invest in different asset-classes such as equities, bonds, cash, and alternative assets and a flexible fund tends to shift actively between these different asset classes, depending on prevailing market conditions. The assets of the fund that are not invested in mixed or flexible funds may be invested in other types of funds (bond, equity, cash or other) or directly on equity or bond markets, and in cash or cash equivalents on an ancillary basis.

Investments may be redeemed once a week (every Friday and every last day of the month on which banks are open for business in Luxembourg). Subscription and redemption requests are centralised on each of these days before 18:00 Luxembourg time.

This fund's class pays income received from the fund's investments to you annually.

The fund may also use futures or forwards to hedge its currency exposure.

This fund may not be suitable for investors planning to withdraw their investment within four years.

This fund is restricted to investors which subscribe through certain distributors, which are selected by Vector Asset Management S.A.
